

YOUTH ADVISORY BOARD

WHAT IS YAB?

The Rice County Chemical Health Coalition is looking for youth (ages 12 - 20) to become members of the Youth Advisory Board - YAB! The Chemical Health Coalition is committed to preventing alcohol, tobacco, and other drug use and abuse among Rice County youth. In order to keep doing this important work, we must have the influence and perspective of local young people. Youth members will give input, ideas, and help complete projects and programs of the coalition.

YAB details

Participating youth will:

- Care about keeping their peers safe and healthy
- Attend 5 meetings/year (Oct., Nov., Jan., March & May) and other small group meetings
- Receive a stipend for their time
- Be eligible to receive youth leadership training and attend other learning opportunities

TO GET INVOLVED! Fill out the attached application!

youth advisory board application
