

# Calling all Northfield Youth!

Consider applying for one of two grant opportunities available in the Northfield community:

The Northfield Healthy Community Initiative (HCI) is giving out grants for new “Intergenerational Events” and “Youth Civic Engagement Events” in the Northfield community. Northfield youth are encouraged to apply!

HCI will award up to \$400 to projects and activities that:

- \* provide the chance for Northfield youth to develop positive relationships with caring adults **and/or**
- \* connect Northfield youth with their communities (ex. neighborhood, school, wider Northfield)

The application is EASY – and we accept applications on a monthly basis. Visit [www.northfieldhci.org](http://www.northfieldhci.org) and click on the “Mini-Grants” button at the top for more information.

HCI and the Northfield Union of Youth are partnering to provide grants of up to \$1,000 to help Northfield youth start their own businesses. The goal of the program is to help young people learn valuable business skills, interact with community mentors, and potentially form a profitable business.

Round 1 of the application is short and is **due by November 15!**

Visit [www.unionofyouth.org](http://www.unionofyouth.org) and click on “Microgrant” for more information or to get an application.

If you have **ANY** questions about either of these opportunities, please call 507-664-3524 or email [info@northfieldhci.org](mailto:info@northfieldhci.org)
