

# PRIMEtime

## Promoting Responsible Individuals through Mentoring and Enrichment

*A collaborative effort to assure out-of-school-time programming for Northfield youth in grades 4-12*

PRIMEtime includes four main programs:

- PLUS - an after school program that meets four days per week at Bridgewater Elementary School & Greenvale Park Elementary School
- Middle School Youth Center - open daily after school in the Northfield Middle School
- The Key - a year round, youth-run teen center in downtown Northfield
- Summer PLUS - a summer-long academic and recreational program for elementary and middle school students

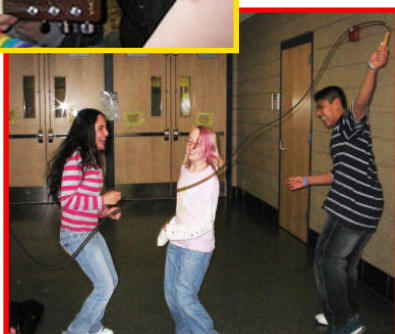

Today, over **350 Northfield youth** in grades 4-12 are involved in PRIMEtime out-of-school programming thanks to Minnesota After-School Community Learning funding from the Minnesota Department of Education.

Each PRIMEtime site offers:

- Homework assistance from college & community volunteer tutors
- Daily skill-building workshops on an array of topics selected by youth
- One-on-one mentoring with caring adults
- Ongoing cultural- and gender-specific groups
- College and career exploration experiences
- Transportation to and from the program
- Youth leadership opportunities, including serving on boards, setting programming, and mentoring younger students
- Family events
- Service-learning experiences

81% of participating youth report that being involved in the PRIMEtime programs help them do better in school.

96% of youth in PRIMEtime programs report that the staff care about them.
